

SPRING CLEANING CHECKLIST

SPRING CLEANING CHECKLIST | TRUCK

Your truck isn't just a vehicle — it's your **workspace, your rest stop, and your second home**. After a long winter, it's time to give your rig the attention it deserves. A deep clean does more than make things look good — it boosts your mood, sharpens your focus, and makes your day-to-day more efficient. Clear out the trash, vacuum up the dust, and wipe down every surface. Organize your gear so you're only carrying what you actually use. Don't forget the windows, mirrors, and that all-important A/C check — summer heat waits for no one. A clean truck runs better, feels better, and shows that you take pride in your ride. **This spring, roll out fresh and ready.**
