IF YOUR GUT IS HEALTHY, BETS ARE THAT YOU'RE IN GOOD HEALTH. HOWEVER, THERE’S A CONDITION CALLED LEAKY GUT THAT CAN LEAD TO A HOST OF HEALTH PROBLEMS.

**LEAKY GUT SYNDROME** is not generally recognized by conventional physicians, but more and more evidence is now pointing to it as a real condition that affects the lining of the intestines.

The theory is that leaky gut syndrome is the result of damage to the intestinal lining, making it less able to protect your internal environment. As a result, bacteria, incomplete digested proteins, and fats may “leak” out of the intestines, through holes in the lining, into the bloodstream. (This is not the same as sepsis).

Leaky gut triggers an autoimmune reaction. Your body’s immune system kicks into gear to fight what it sees as a foreign invader in your blood system. This can lead to gastrointestinal problems such as abdominal bloating, excessive gas and cramps, fatigue, food sensitivities, joint pain, skin rashes, and many autoimmune diseases, such as: Crohn's disease, Celiac disease, Ulcerative Colitis, Irritable Bowel Disease (IBD), Irritable Bowel Syndrome (IBS), Lupus, Rheumatoid Arthritis, Fibromyalgia, Interstitial Cystitis, Multiple Sclerosis to name a few.

Diet is the number one cause of leaky gut, and gluten is the main culprit. Other inflammatory foods like dairy or toxic foods and drinks, such as sugar, conventional meats, tap water, and GMO foods are big problem-makers too. Adding to the list of irritants are anti-inflammatory drugs (NSAIDS), certain antibiotics, excessive alcohol consumption, chronic inflammation, and stress.

**THE GOOD NEWS IS... THERE’S A SOLUTION TO SUCCESSFULLY REVERSE LEAKY GUT**

**STAGE 1: RESTORE**

**STEP 1: ELIMINATE INFLAMMATORY & REACTIVE FOODS**
- Grains
- Dairy
- Soy
- Corn
- Vegetable oils (canola, cottonseed, soybean, safflower)
- Hydrogenated and partially hydrogenated oils (margarine, crisco...read labels!)

**STEP 2: ADD HEALING FOODS**
- Bone broth (Two 8oz containers included in Leaky Gut Kit)
- Collagen
- Fermented and cultured foods (kimchi, kombucha, raw sauerkraut)
- Organ Meats (grass-fed/pastured)
- Healthy animal fats, such as pastured lard, grass-fed tallow, and ghee
STEP 3: TARGETED ACTION WITH SUPPLEMENTS

IPS: (Included in Leaky Gut Kit) includes a broad range of nutrients that help tighten the stomach and intestinal tissues.

*DOSAGE*: Take 6 first thing in the morning on an empty stomach. Repeat every day for one month.

^ NOTE: PRODUCT CONTAINS SHELLFISH.

**BERBERINE HCl**: (Included in Leaky Gut Kit) has been clinically shown to support the growth of healthy bacteria, as well as eliminate some of the bad bacteria, fungus, yeasts, and parasites in the gut. It has also been shown to reduce inflammation in the digestive tract as a result of leaky gut.

*DOSAGE*: Take 1 capsule 3 times daily.

STAGE 2: REBUILD

Once you have completed the supplements from Stage 1, you will move on to Stage 2, focusing on rebuilding the healthy bacteria in your gut. Daily fermented foods along with a probiotic supplement are key. You may also want to add regular consumption of hemp seeds and/or chia seeds for targeted fiber intake. Continue the regular consumption of the healing foods introduced in Stage 1.

STEP 1: HEALTHY BACTERIA

**BIODOPH-7 PLUS**: (Included in Leaky Gut Kit) Probiotics are an important supplement to take as it helps replenish good bacteria and crowds out the bad bacteria.

*DOSAGE*: Take 1 when you get up, and 1 before bed. Continue focusing on daily fermented foods. Aim for 1/2 cup per day of fermented veggies.
